

Clinton County Health Department

ANNUAL REPORT

FY 2014

It is the mission of the Clinton County Health Department to provide services to protect the public's health, and to enhance the quality of human life through health education, health promotion, and prevention. Through responsible use of resources, the department will provide those services identified as needed through the community health needs assessment and also provide those services mandated in its role as a unit of government.

Inclusion of adherence to Smoke Free Illinois laws in the Food Code

Achieving the Bronze level for the Clinton County Employee Wellness Program

Instituting hospital visits through the Breastfeeding Peer Counseling Program

HEALTH PRIORITIES

Heart Disease

Cancer

Obesity

Alzheimer's Disease

OPERATIONAL CHANGES

In order to better serve the citizens of Clinton County, the Health Department continues the hours of operation of 8:00-4:30. In addition, collaborative efforts have been instituted with health care services throughout the county to promote emergency preparedness to keep our residents as safe as possible in the event of an emergency and provide health services to promote healthy living for our residents.

Regular in-services, cross-training, quality improvement, and staff meetings have been implemented to improve the systems and processes within the organization to promote coordination of services and increase the efficiency of the programming.

LOOKING AHEAD

The Clinton County Health Department is looking to continue and increase collaboration with community members, find gaps in services that the health department can provide, increase programs and services, and continue to improve efforts to meet the health, safety and wellbeing of the citizens of Clinton County.

Cheryl Lee, M.S.

Administrator

Nursing Programs

Adhering to our mission, the Clinton County Health Department strives to provide services to protect the public's health and to enhance the quality of health through health education, health promotion, and activities to focus on the prevention of disease. Programming is designed to address the health needs of the community based on a comprehensive community health assessment called the IPLAN. Based on the findings of the 2011 IPLAN the priorities for our county are heart disease, cancer, obesity, and Alzheimer's disease.

ENVIRONMENTAL HEALTH PROGRAMS OVERVIEW 2014

ENVIRONMENTAL HEALTH PROGRAMS

The Clinton County Health Department inspects all retail food establishments, private sewage systems and private water wells within Clinton County.

The Clinton County Retail Food Ordinance was adopted December 1, 2002. Food Permit Fees are High Classification \$55.00, Medium Classification \$35.00 and Low and Temporary Classification \$25.00. Food Permits are rated based on the most recent establishment's inspection score: Certified AA (100 - 97), Certified A (96 - 92), Certified (91 - 89) and Passed (87 - 73). All food establishments are required to post their permit in plain view. Currently there are 38 High, 137 Medium and 41 Low Classification food establishments in Clinton County.

PUBLIC HEALTH EMERGENCY PREPAREDNESS 2014

Making sure the public is safe and ready for an emergency is a priority of the Clinton County Health Department. The Clinton County Health Department has an Emergency Preparedness Program and oversees the Emergency Public Health Preparedness activities, Cities Readiness Initiative and the Medical Reserve Corp. The Program works closely with community partners to address and prepare for emergency preparedness. This year the Preparedness program scored a 99 out of a 100 on a review from CDC. There are over 150 volunteers who work with the program that contributed over 800 hours that equates to over \$18,000 worth of time.
