## ANNUAL REPORT

FY 2022

*It is the mission of the Clinton County Health Department to protect and enhance the quality of life of the people we serve.*

# CLINTON COUNTY HEALTH DEPARTMENT ANNUAL REPORT 2022

## To Our Citizens

On behalf of the Clinton County Board of Health and our staff, I am pleased to present you with the 2022 annual report of operations. 2022 has been a transitioning year for our county. COVID-19 has continued to be a major focus of our staff and administration. The health department has continued to hold vaccination clinics. We have also had our testing site open the entire year so our community can continue to receive the testing that it needs. We have made changes to our daily operations to help better serve the community with our many services that are non-covid related. While COVID has continued to be a major priority for us, we want to make sure that none of our services suffer due to this pandemic.

The Clinton County Health Department ended Fiscal Year 2022 with a cash balance of \$1,193,602.65. We are excited about the news of building of our new facility so we can better serve the citizens of Clinton County. The Board of Health and I look forward to exploring new avenues to add services for the citizens of Clinton County.

## Clinic Programs

Adhering to our mission, the Clinton County Health Department strives to protect and enhance the quality of life of the people we serve. Programming is designed to address the health needs of the community based on a comprehensive community health assessment called the IPLAN. Based on the findings of the 2021 IPLAN the priorities for our county are Mental and Behavioral Health, Healthy Behaviors, and Food Insecurity.

## PUBLIC HEALTH EMERGENCY PREPAREDNESS 2022

Making sure the public is safe and ready for an emergency is a priority of the Clinton County Health Department. The Clinton County Health Department has an Emergency Preparedness and Response Program and oversees the Emergency Public Health Preparedness Activities, Cities Readiness Initiative and the Medical Reserve Corp. The Program works closely with community partners to address and prepare for emergencies and potential disasters. This has allowed our department to head the Contact Tracing and Mass Vaccinations efforts of Clinton County.
