

# **Community Health Resource Directory**

## **Clinton County, IL**

With the goal of advancing county residents' health & quality of life, the Clinton County Health Improvement Coalition was formed. Consisting of approximately 20 organizations, the Coalition's efforts are concentrated on developing education and preventative initiatives that will empower residents to choose a life of wellbeing.

Clinton County has many resources available to assist county residents in their journey of healthy living. With this goal in mind, the Coalition has compiled a community resource directory of organizations, businesses, and support groups. The Coalition cannot specifically endorse or validate organizations listed in this directory. Names, contact information and descriptions of services are being provided for ease of identifying potential resources.

The Coalition has strived for accuracy in this material. Please let us know if you find information that is incorrect. If your organization would like to be part of this directory or if you have information to add or change about a listing, information can be sent to the contact below.

Contact Phone Number: (618) 526-5302
